

Parents and Students of Beckman High School,

As the old saying goes, "The only thing certain in life is uncertainty." As we work through the impacts of the announcement on Friday from Governor Newsom, I want to take a brief moment to let you know that, as our plans solidify, we will share information with you as soon as possible. At this point, there is some clarity emerging, and I expect you will hear specific plans in the coming week.

Our team here at Beckman is hard at work putting together plans to start the school year online.

Registration Online Only

- Students and parents must complete essential registration items online, since we are unable to bring large groups onto campus.
- To complete registration, parents MUST complete the data confirmation process through a parent account in Aeries. Once that is done, students will be given an opportunity to review and verify their course requests in early August.
- All other items (yearbooks, ID cards, etc.) are non-essential at this time. We will work out plans for non-essential items at a later date.

Freshman/New Student Safe Orientation & Laptop Distribution

Freshmen and new students have the opportunity to participate in small-group orientations with a Link Cru leader.

- Students will be assigned a specific date and time on August 3, 4 and 5, and it will last approximately 1 hour.
- Orientation will include:
 - Campus tour, team building, and time to pick up a school issued electronic device
- Groups will be no more than 10 students.
- All students will be required to wear masks and adhere to social distancing guidelines.
- Orientations are OPTIONAL. If you do not want your child participating in orientation, please make sure your data confirmation is complete. If you will not participate in orientation, but still need a school issued device, please come during your student's scheduled time and date to pick up a device.
- Orientation times will be shared once they are finalized
