

Dear Community Member,

This year's Grad Night event will be held on Thursday, May 28, 2020. The Beckman High School Grad Night Committee is already working hard to provide an exciting and memorable party that is free of alcohol and drugs, where students can celebrate their achievement together in a safe and fun environment. The purpose of the event is to keep all our graduating seniors safe and provide them with a great event they will remember forever. Our goal is to allow every Beckman senior the opportunity to attend, but we need your help.

As you know, California public schools continue to face inadequate funding for their needs. For this reason, extracurricular activities such as Grad Night can only occur with the support of parents and the community. In particular, Grad Night is funded solely by ticket sales and donations. Please consider making a tax-deductible donation to support this event in one of the following ways: a cash donation in any amount, participate in the Adopt-A-Grad Program to support a student in need identified by a Beckman Counselor (\$120 donation), donate an item for the raffle, or donate a service for the raffle. Your generous donation will be prominently recognized at Grad Night, senior events throughout the year, and on the Beckman PTO website. We are grateful for any amount you can provide.

Thank you for supporting Beckman High School Class of 2020 Grad Night!

Gratefully,
2020 Grad Night Committee
